SLAUGHTER IN LUCK

Gov. McCreary Cannot Be Moved
By Protests of Jenkins'
Friends.

The Committee sent to Frankfort
by the citizens of Edgerton to protest
against the commutation of the
death sentence of Tom Slaughter,
the negro murderer of Lee Jenkins,
got no encouragement from Gov.
McCreary. He told them plainly
that he had agreed with the judges
of the Court of Appeals to commute
the sentence of the negro to life im-
prisonment and would not be in-
fluenced by petitions. If the action
saving the negro's life has not al-
ready been taken, it will be when-
ever the case is passed upon by the
Governor.

The Indian Statue.

Twenty-nine full-blooded Indian
chiefs from the Western reserva-
tions, bedecked with the regalia of
their rank were present at Fort
Wadsworth, Staten Island, Saturday
to take part in the formalities of
breaking dirt for the Indian statue.

At the crest of the hill, the high-
est point on the Atlantic coast be-
tween New York and Florida, they
formed a silent group as President
Taft upturned a spadeful of earth,
breaking ground for the National
American Indian Memorial, a sixty-
foot bronze statue of an Indian war-
rior which will tower 165 feet above
the highest elevation around New
York harbor, a tribute to a vanish-
ing race. As he stepped back Chief
Hollow Horn Bear, of the Yankton
Sioux, came forward from the group
and upturned a second bit of earth
with the thigh bone of a buffalo.
That done, the chief made a brief
speech.

Test Case Goes Up.

Judge A. J. Kirk, of Paintsville,
who has presided over the February
term of the Circuit Court as Special
Judge, knocked out the recent local
option election held in Pulaski
county on December 10, 1912, in
which the "drys" won by a majority
of 2,300. In his opinion Judge Kirk
held that the call of the election was
illegal in that the petition of the
"drys" did not contain 25 per cent.
of the voters in each precinct. The
local-option people will take the
case to the Court of Appeals.

tainment gown again this week

the Good Roads convention. The
literary program was a feast to the
brain pan while Messrs. Thos. L. and
John J. Metcalfe hosts at the Avon-
lon, filled everybody full of joy.

The exercises were quite interest-
ing, consisting of congregational

After the congregation had been
dismissed and as they passed out
they left cards upon which they had
written their names.

Fair In October.

The directors of the fair company
have settled upon October 6 as the
time of holding the fair. A better

farmers will have about gotten
through with their most pressing
work and the weather conditions at
that time are generally the most
favorable.

engraved in that style.

Take Off Your Hat TO The Myers

In the beginning of the season for spraying or-
chards and white-washing out-buildings, fences,
etc., we wish to call your attention to the Myers
Spray Pump. One of the special features of this
pump is a clamping device, by means of which it
is attached to the top of the barrel. The cylinder
is made of a solid brass tube with closed end. It
is adapted to pumping any kind of mixture, hot or
cold, and it surpasses anything we know of for
white-washing. Demonstrations have been made
in nearly every community proving that spraying
is profitable with all orchards and many gardens.
Why not try it to your own satisfaction?

We carry three sizes of these pumps in stock.

\$3.75, \$10.00 and \$15.00

Complete with extension rod and nozzles.

We also have in stock Lime Sulphur Solution and
arsenate of lead. The best results are obtained by
spraying with Lime Sulphur Solution while the
trees are in a dormant state.
